Remi provides competitive, Firm-Fixed Price Equipment Maintenance Programs that incorporate the use of Original Equipment Manufacturer (OEM) and Independent Service Organization (ISO) Field Service Engineers under one agreement. Remi replaces multiple service contracts and extended warranties and provides a single point of contact for coordinating and managing service events throughout the Period of Performance. Our solution standardizes the service delivery process and delivers comprehensive maintenance and repair coverage to include: on-site service, parts, labor, travel, emergency repair, technical support, and preventative maintenance. As a GSA contractor, Remi offers government entities its Most Favored Customer Pricing and a guaranteed cost savings of 26% applied to traditional OEM service agreements.

**CONSOLIDATION**
Manages the maintenance of multiple equipment types under one fixed-price agreement with the flexibility to customize equipment coverage.

**COST REDUCTION**
Saves 26% off your current service contract pricing with the quality and coverage of your existing service.

**VENDOR NETWORK**
Provides a multi-vendor solution that enables government entities the freedom to incorporate OEM and ISO vendors throughout the Period of Performance.
