Ref. ICPT Contract SO 1997-BOA0001 – Change Notice No. 5

Dear Danny,

Aearo Company / AOSafety is pleased to submit the enclosed signature pages executed to accept the change notice for the prescription safety eyewear program at the Savannah River facility.

With this latest change the period of performance is extended to December 32, 2009.

In addition to the actual signature pages, I have also enclosed a complete price list showing the current frame and lens mix and supportive company literature for your files.

Our Area Sales Manager, Paul Morrison handles the day-to-day issues related to the program and will continue to interact with Tom Cuny to ensure program continuity.

AOSafety has serviced the industrial marketplace for over 100 years and is presently the largest manufacturer of safety eyewear in the United States. Our eyewear is fabricated in our ISO9002 certified laboratory facilities. All AOSafety eyewear meets the requirements of ANSI Z87 and all lenses and processes have been third-party certified by Colts Laboratories as is required in the current ANSI standard.

Thank you for the trust you have once more placed with us to provide this important service. As mentioned above, Paul Morrison is your local representative for Aearo and can be reached at 800.678.4163 x42063 (voice mail) or 336.406.2182 (cell).

Please contact Paul or myself if you ever have any questions or concerns.

Sincerely,

Ed McCreedy  
Account Services Manager
